Great Lengths Extensions

Achieve natural-looking volume and length with Great Lengths tape hair extensions. Ethically sourced from India, the extensions are made with the best quality human hair, allowing for a perfect match to your hair colour and texture.

Tape extensions are a semi-permanent method, and the hair is reusable. A fit or re-fit is required every 6-8 weeks.

The tapes have a medical grade adhesive strip designed not to cause any tension, which feels completely flat on the head. This means the extensions are gentle enough on all hair types, even clients with thinning areas.

A complimentary consultation is required before our stylists can fit your extensions, to discuss your desired results. Aftercare and maintenance will also be explained.

Hyrolox

ANTI-FRIZZ SYSTEM

A deep hydration treatment designed for all hair types, especially frizz-prone, curly, and textured hair. The innovative formula restores softness, smoothness, and shine by replenishing moisture, sealing the cuticle, and reducing frizz for long-lasting manageability and a healthy, velvety finish. The Hyrolox Anti-Frizz System is designed to make hair more manageable while maintaining its natural vitality and bounce. The treatment lasts between 3 to 6 months. We recommend clients use a sulfate-free shampoo to help their hair continue to look better for longer.

A complimentary consultation is required before your treatment, this can be online or in-person. Treatments start from £265.
