

Meet the team

JUDE DUNICAN

Jude BSc (HONS), Pg. Dip, RGN, INP is an expert in medical aesthetics.

Having worked on Harley Street for several years, she has perfected her craft alongside Dr Benji Dhillon. For the past four years, Jude has also been the national trainer for Obagi Medical in the UK.

A member of the British Association of Cosmetic Nurses (BACN) as well as the ACE Forum, she has recently completed her MSc in Aesthetic Medicine ensuring that everything she does is rooted in science.

Jude's philosophy revolves around customised patient care, ensuring natural and subtle results. As a result of her passion for devices, injectables and skincare, she strongly believes in choosing the right treatment for customers based on their personal needs.

EDEN HERD

Eden is an experienced aesthetic therapist with over 8 years of experience in the industry.

She is passionate about helping her clients maintain healthy skin, having struggled with her own skin from a young age. Eden received her NVQ level 2 and 3 at the London College of Beauty Therapy and has since trained in laser hair removal, skin peels, microneedling, and skin and body tightening, among other therapies.

Eden takes a holistic approach to skincare and believes in the power of daily skincare routines. She is dedicated to educating her clients on the importance of maintaining and protecting their skin health. Eden uses a combination therapy of advanced techniques such as IPL, BBL, laser rejuvenation, chemical peels, ultrasound skin tightening, and other cutting-edge devices to deliver the best results for her clients, helping them achieve radiant and healthy skin. She supports every step along the way and strives to ensure her clients are happy with their results.

Meet the team

ROSIE BUTTERFIELD

Rosie is a Paediatric Specialist Nurse and has a masters level qualification in Injectable Medicine (Level 7).

Rosie graduated from The University of Southampton in 2011 and has worked in various clinical settings including acute, surgical, and emergency medicine. Alongside her role as a Children's Respiratory Nurse Specialist in the NHS, she also works as an Aesthetic Nurse - starting her journey in 2020 and has completed the highest recognised qualification in Injectables at Level 7.

She is committed to patient safety and strives to provide the highest standard of care for her clients. As a children's nurse by nature, Rosie is known to have a gentle and friendly approach when treating her clients and will instantly make you feel at ease.

Rosie believes that the best aesthetic outcomes are those that are natural and undetectable. She enjoys creating bespoke treatment plans for her clients by using a combination of treatment approaches in order to achieve the best results.
